

Changes this year due to COVID-19: New hours are from 4p-6p this year and the City will not be providing traffic control or shutting down Wilson Ave.

A few new safety recommendations this year

- While trick-or-treating this year you should only travel with the members of your household

- Both trick-or-treaters and those passing out candy should wear masks and maintain a 6-foot distance at all times

- Make sure to wash your hands prior to consuming any candy and after parents have inspected it

- Consider only visiting households within your immediate circle and avoiding door to door trick or treating

- In lieu of door to door trick-or-treating, plan a fun family event at home with your immediate family.

Friendly reminder of all other safety precautions

- Only go to houses that have their lights

- Do not eat opened candy

- Have parents inspect candy prior to eating

- Look both ways before crossing the street

- Carry a flashlight

Please check back to the City Website, City Facebook page or the Police Department Facebook page for any updates or changes.

Stay Safe!
